THAI CHI SAWADEE KAA!

We are Thai Chi Export, owners and operators of an independent durian packing house in South and East of Thailand. **We have Thai durians for export at best quality** and wholesale prices to anywhere in the world.

HARVESTING DURIAN

We harvest the fruits at 80% ripeness, thus allowing them to fully ripen during their long journey overseas. Once harvested, we bring them to our packing house where each individual fruit is graded, separated, and packed for shipping. If you want the best durians, **you've got to get them from the source!**

WE EXPORT TO EUROPE
